

# MICRO-CREDENTIAL IN INSTRUCTIONAL TECHNOLOGY AND DESIGN

---

## Program Description:

Instructional Technology and Design is a four-course fully online micro-credential that, upon completion, will enable professionals to:

- Apply foundational instructional design principles to the design, development, and implementation of learning activities in their work place.
- Demonstrate an ability to effectively lead the design of effective instruction through proficient planning, development, evaluation, and management.
- Demonstrate a comprehensive knowledge of numerous theories, principles, models, tools, and techniques that can be applied to the systematic design of instruction.
