MISSION STATEMENT

The University of North Alabama College of Arts, Sciences, and Engineering (https://www.una.edu/artsandsciences/) (CASE) is committed to providing an environment within our campus and community that fosters knowledge, skill, artistic and cultural enrichment, research, and discovery by supporting independence, creativity, and innovation.

The arts and sciences provide the foundational education for every UNA student to achieve a lifetime of professional success and personal fulfillment. By engaging in one or more of our 19 departments and 60+ programs, you will have ample opportunities to collaborate with faculty mentors both in and out of the classroom. Immersive experiences such as internships, education abroad, research and creative activities, and service learning help to deepen classroom instruction and prepare students to become effective leaders in their chosen fields. Come and see what CASE has to offer!

A MESSAGE FROM THE DEAN

Dr. Sara Lynn Baird

Welcome to the College of Arts, Sciences, and Engineering (CASE) at the University of North Alabama. The College, comprised of 19 departments and the School of the Arts, includes over 200 full-time faculty and staff and over 3000 students in undergraduate and graduate programs. We offer over 60 unique majors and minors with a wide array of degrees and curricular concentrations. The largest and most diverse college on campus, the CASE includes arts, humanities, STEM areas, and social sciences. The College is committed to providing an environment within our campus and community that fosters knowledge, skill, artistic and cultural enrichment, research, and discovery by supporting independence, creativity, and innovation with a strong emphasis on experiential opportunities.

In the College of Arts, Sciences, and Engineering, we are proud to offer an intimate and nurturing atmosphere that offers opportunities for interaction with faculty and administrators. I invite you to explore our departmental and college website for information about our various departments, programs, and opportunities.

UNA was designated in 2020 and 2021 as one of the best Regional Universities by US News and World Report and we achieved Top Producer of Fulbright Awards status two years in a row for 2019-2020 and 2020-2021. Intelligent.com has ranked UNA third in the state among colleges in Alabama. Our faculty consistently exhibit excellence in the classroom and are dedicated to providing an exceptional learning environment for our students. Many of our faculty excel in research productivity and creative activity, nationally and internationally.

We hope you will consider joining our academic family where you can follow your passion. If you would like additional information about the College of Arts, Sciences, and Engineering or any of our programs, please contact CASE@una.edu. For information about campus visits or tours, please visit our Schedule a Tour (https://www.una.edu/artsandsciences/tour-a-college-of-arts-and-sciences-department-today.html) webpage.

The College of Arts, Sciences, and Engineering students, faculty, and staff are dedicated to the highest standards of excellence. As we approach the beginning of our third century of service to Alabama and beyond, we are proud of our heritage and excited about our future.

Roar Lions!

Sara Lynn Baird, PhD
Dean and Professor

DEPARTMENTS

Through its departments, the College of Arts, Sciences, and Engineering offers programs of study leading to the Bachelor of Arts and Bachelor of Science degrees, the Bachelor of Social Work degree, and the Bachelor of Fine Arts degree; provides pre-professional preparation for a variety of special fields; provides many of the subject fields approved for the degree program in secondary education offered by the College of Education and Human Sciences; offers the senior ROTC program; and supplies most of the coursework common to the basic undergraduate program and to the general education components in all university bachelor's degree programs.

The College of Arts, Sciences, and Engineering contains the following departments and programs:

School of the Arts

The University of North Alabama School of the Arts (SOTA) (https://www.una.edu/schoolofthearts/), within the College of Arts, Sciences, and Engineering, promotes the artistic enrichment of the campus and surrounding communities by facilitating student expression and creativity through studies in Cinematic Arts, Culinary Arts Management, Fashion Merchandising and Design, Hospitality and Events Management, Interior Architecture and Design, Music, Theatre, and Visual Arts. SOTA cultivates a diverse, collaborative, and inclusive environment while advocating for equity in arts education.

Degree concentrations offered include options from the Department of Music, the Department of Visual Arts and Design, and the Department of Cinematic Arts and Theatre.

Degree Programs

In degree programs offered by the College of Arts, Sciences, and Engineering, the student may elect either the Bachelor of Arts degree program or the Bachelor of Science degree program with any major listed for these degrees on fulfillment of the minimum requirements prescribed for each. Below is the University’s basic program of study, course sequences, general requirements and procedures for graduation, reference should be made to Academic Procedures and Requirements. Reference also should be made to the major program selected for specific hour and course requirements. Courses taken to satisfy requirements in the general education components are applicable for satisfying major and minor requirements for the same courses, and the total credit hour requirements for the major and minor fields may be reduced thereby. Specific courses required for the fulfillment of major and/or minor requirements may be applied to the fulfillment of requirements for both or for another major or minor; however, these courses count only once toward the 120-semester hours required (except where specified higher) for graduation.

Secondary Certification

Although the regular programs for the preparation of secondary teachers for the public schools are offered in the College of Education and Human Sciences, students taking degree programs in the College of Arts, Sciences, and Engineering may also qualify for the Alabama Class B Professional Certificate by taking subject fields approved for secondary certification and

1. by satisfying the requirements for admission to and retention in programs of educator preparation as prescribed by the College of Education and Human Sciences,
2. by completing the additional prescribed coursework in both general education and professional education as prescribed by the College of Education and Human Sciences, and
3. by satisfying the State Board of Education grade point average and test score requirements (see College of Education and Human Sciences).

Preprofessional Programs

The College of Arts, Sciences, and Engineering provides undergraduate work of one to four years required for admission to professional schools in the areas listed below. For preprofessional programs in the health professions, a Health Professions Advisory Committee provides special advisory and informational services to interested students.

- Agriculture and Forestry
- Architecture
- Engineering
- Law
- Pre-Health Professions
• Medicine (allopathic and osteopathic)
• Dentistry
• Optometry
• Physician Assistant
• Pharmacy
• Veterinary Medicine
• Physical Therapy
• Occupational Therapy
• Allied Health
• Other Preprofessional Programs

For descriptions and recommended schedules on these programs see Preprofessional Programs (https://catalog.una.edu/undergraduate/colleges-programs/arts-sciences/preprofessional-programs/).
