

ACADEMIC FUNCTIONS AND PROGRAMS

The University operates on the semester system. Credit is based on the semester hour and each course of instruction carries a specific number of semester hours of credit. The school year is composed of two semesters, two 4-week summer sessions, and/or an eight-week summer term. The first semester begins in late August and ends in December and the second semester begins in January and ends in May. Eight week classes are also available during the first and second term. Summer session I begins in June and ends in late June, summer session II begins in July and ends in late July, and the eight-week summer term begins in June and ends in late July. The university also offers two compressed 3-week terms. May Intersession occurs between the spring and summer terms, and Winter Session occurs between the fall and spring terms. In the first or second semester the normal schedule will include from 15 to 18 semester hours of credit. The summer sessions and term provide for the equivalent of a full semester's work on a normal schedule of 12 to 14 semester credit hours. Classes meet Mondays through Fridays each term, with evening and Saturday classes also offered as an extension of the regular day schedule. The University provides for special short courses, conferences, interim sessions, institutes, regular courses, and workshops offered in off-campus locations and through distance learning. The University does not offer courses by correspondence.

Through its Anderson College of Nursing and Health Professions, College of Arts, Sciences, and Engineering, College of Business and Technology, and College of Education and Human Sciences, the University offers the following programs and educational opportunities:

1. The Bachelor of Arts degree with majors in foreign languages and spanish.
